

**JOINT LEGISLATIVE COMMISSION
ON MUNICIPAL INCORPORATIONS**

**REPORT TO THE
GENERAL ASSEMBLY
OF NORTH CAROLINA
Proposed Town of Hampstead**

July 23, 2007

REPORT TO THE GENERAL ASSEMBLY

Proposed Incorporation of the Town of Hampstead June 25, 2007

The Joint Legislative Commission on Municipal Incorporations was created in 1986 by the General Assembly to conduct an independent review and evaluation of proposed municipal incorporations. This evaluation, to be conducted in accordance with a statutory set of objective criteria, is designed to allow the General Assembly to see the feasibility of the proposed new municipality. The Commission consists of four members of the General Assembly, one city official, and one county official. A list of members appears as Appendix A.

The statutory criteria require a review of community support (a petition is required), population, land development, nearness to other urban areas, and ability to provide municipal services at a reasonable tax rate. A copy of the statutes authorizing the Commission and setting up the review standards is attached as Appendix B.

The Commission received a petition proposing the incorporation of the Town of Hampstead in Pender County on April 6, 2007. A copy of the petition is attached as Appendix C.

The Commission, pursuant to G.S. 120-161, asked the Division of Community Assistance of the Department of Commerce to evaluate the petition. The Division conducted the evaluation and, based upon its report, the Commission found that the requirements of G.S. 120-163 and G.S. 120-164 had been met (a copy of the report is attached as Appendix D).

The Commission also requested that the Division of Community Assistance evaluate the proposed Town's petition for incorporation under G.S. 120-166 (a copy of the report is attached as Appendix E). The Division conducted the evaluation and determined that the statutory requirements had been met.

The Commission further requested that the Division of Community Assistance evaluate the proposed Town's petition under G.S. 120-167 through G.S. 120-170 (a copy of the report is attached as Appendix F). The Division conducted the evaluation and determined that all statutory requirements had been met, except G.S. 120-168, development (38.9% of Hampstead is developed; the statutory requirement is 40%).

Pursuant to G.S. 120-169.1, the Commission requested that the Fiscal Research Division of the General Assembly provide data that shows the impact on other municipalities and counties of the diversion of already levied taxes or

State-shared revenues to support services in the proposed Town of Hampstead (a copy of the report is attached as Appendix G). The data provided by the Division (based upon figures from 2005-2006) shows that sales tax revenue in Pender County is distributed on a per capita basis. If the proposed Town of Hampstead had been incorporated at that time, it would have received approximately \$7,896,554 in sales tax revenues, assuming an estimated population of 9,165 residents. The incorporation of Hampstead would have a marginal impact on the distribution of Powell Bill funds in the State and Pender County. If incorporated in 2005-2006, the proposed Town of Hampstead would have received approximately \$2,680,500 in other forms of revenue from the State, including Powell Bill funds, as long as the proposed Town had met the statutory requirements to receive those funds.

The Commission finds that the proposed Town of Hampstead does not meet the standards required by Article 20 of Chapter 120 of the General Statutes, specifically G.S. 120-168 (development), and therefore the Commission does not recommend incorporation of the area as the Town of Hampstead.

§ 120-159. Terms.

Members shall be appointed for terms ending June 30, 1987, and subsequently for two-year terms beginning July 1, 1987, and biennially thereafter. A member eligible when appointed may continue for the remainder of the term regardless of the member's continued eligibility for the category. The Commission shall elect a chairman from its membership for a one-year term. (1985 (Reg. Sess., 1986), c. 1003, s. 1.)

§ 120-160. Compensation.

Members of the Commission who are members of the General Assembly shall receive subsistence and travel allowances as provided by G.S. 120-3.1. § 120-162. Reserved for future codification purposes.

Part 2. Procedure for Incorporation Review.

§ 120-163. Petition.

(a) The process of seeking the recommendation of the Commission is commenced by filing with the Commission a petition signed by fifteen percent (15%) of the registered voters of the area proposed to be incorporated, but by not less than 25 registered voters of that area, asking for incorporation. The voter shall sign the petition and also clearly print that voter's name adjacent to the signature. The petition must also contain the voter's residence address and date of birth.

(b) The petition must be verified by the county board of elections of the county where the voter is alleged to be registered. The board of elections shall cause to be examined the signature, shall place a check mark beside the name of each signer who is qualified and registered to vote in that county in the area proposed to be incorporated, and shall attach to the petition a certificate stating the number of voters registered in that county in the area proposed to be incorporated, and the total number of registered voters who have been verified. The county board of elections shall return the petition to the person who presented it within 15 working days of receipt. That period of 15 working days shall be tolled for any period of time that is also either two weeks before or one week after a primary or election being conducted by the county board of elections.

(c) The petition must include a proposed name for the city, a map of the city, a list of proposed services to be provided by the proposed municipality, the names of three persons to serve as interim governing board, a proposed charter, a statement of the estimated population, assessed valuation, degree of development, population density, and recommendations as to the form of government and manner of election. The petition must contain a statement that the proposed municipality will have a budget ordinance with an ad valorem tax levy of at least five cents (5¢) on the one hundred dollar (\$100.00) valuation upon all taxable property within its corporate limits. The petition must contain a statement that the proposed municipality will offer four of the following services no later than the first day of the third fiscal year following the effective date of the incorporation: (i) police protection; (ii) fire protection; (iii) solid waste collection or disposal; (iv) water distribution; (v) street maintenance; (vi) street construction or right-of-way acquisition; (vii) street lighting; and (viii) zoning. In order to qualify for providing police protection, the proposed municipality must propose either to provide police service or to have services provided by contract with a county or another municipality that proposes that the other government be compensated for providing supplemental protection. The proposed municipality may not contain any noncontiguous areas.

(d) The petitioners must present to the Commission the verified petition from the county board of elections.

(e) A petition must be submitted to the Commission at least 60 days prior to convening of the next regular session of the General Assembly in order for the Commission to make a recommendation to that session. (1985 (Reg. Sess., 1986), c. 1003, s. 1; 1999-458, s. 1; 2001-353, s. 6.)

§ 120-164. Notification.

(a) Not later than five days before submitting the petition to the Commission, the petitioners shall notify:

- (1) The board or boards of county commissioners of the county or counties where the proposed municipality is located;
- (2) All cities within that county or counties; and
- (3) All cities in any other county that are within five miles of the proposed municipality of the intent to present the petition to the Commission.

(b) The petitioners shall also publish, one per week for two consecutive weeks, with the second publication no later than seven days before submitting the petition to the Commission, notice in a newspaper of general circulation in the area proposed to be incorporated of the intent to present the petition to the Commission. (1985 (Reg. Sess., 1986), c. 1003, s. 1.)

§ 120-165. Initial inquiry.

(a) The Commission shall, upon receipt of the petition, determine if the requirements of G.S. 120-163 and G.S. 120-164 have been met. If it determines that those requirements have not been met, it shall return the petition to the petitioners. The Commission shall also publish in the North Carolina Register notice that it has received the petition.

(b) If it determines that those requirements have been met, it shall conduct further inquiry as provided by this Part. (1985 (Reg. Sess., 1986), c. 1003, s. 1.)

§ 120-166. Additional criteria; nearness to another municipality.

(a) The Commission may not make a positive recommendation if the proposed municipality is located within one mile of a municipality of 5,000 to 9,999, within three miles of a municipality of 10,000 to 24,999, within four miles of a municipality of 25,000 to 49,999, or within five miles of a municipality of 50,000 or over, according to the most recent decennial federal census, or according to the most recent annual estimate of the Office of State Budget and Management if the municipality was incorporated since the return of that census. For purposes of this section, "municipality" means a city as defined by G.S. 160A-1(2) or a county that has exercised its authority under Article 24 of Chapter 153A of the General Statutes.

(b) Subsection (a) of this section does not apply in the case of proximity to a specific municipality if:

- (1) The proposed municipality is entirely on an island that the nearby city is not on;
- (2) The proposed municipality is separated by a major river or other natural barrier from the nearby city, such that provision of municipal services by the nearby city to the proposed municipality is infeasible or the cost is prohibitive, and the Commission shall adopt policies to implement this subdivision;
- (3) The municipalities within the distances described in subsection (a) of this section by resolution express their approval of the incorporation; or
- (4) An area of at least fifty percent (50%) of the proposed municipality has petitioned for annexation to the nearby city under G.S. 160A-31 within the previous 12 months before the incorporation petition is submitted to the Commission but the annexation petition was not approved. (1985

(Reg. Sess., 1986), c. 1003, s. 1; 1989 (Reg. Sess., 1990), c. 1024, s. 25; 1998-150, s. 2; 2000-140, s. 93.1(a); 2001-424, s. 12.2(b); 2005-35, s. 2.)

§ 120-167. Additional criteria; population.

The Commission may not make a positive recommendation unless the proposed municipality has a permanent population of at least 100 and a population density (either permanent or seasonal) of at least 250 persons per square mile. (1985 (Reg. Sess., 1986), c. 1003, s. 1; 1999-458, s. 2.)

§ 120-168. Additional criteria; development.

The Commission may not make a positive recommendation unless forty percent (40%) of the area is developed for residential, commercial, industrial, institutional, or governmental uses, or is dedicated as open space under the provisions of a zoning ordinance, subdivision ordinance, conditional or special use permit, or recorded restrictive covenants. (1985 (Reg. Sess., 1986), c. 1003, s. 1; 1999-458, s. 3.)

§ 120-169. Additional criteria; area unincorporated.

The Commission may not make a positive recommendation if any of the proposed municipality is included within the boundary of another incorporated municipality, as defined by G.S. 153A-1(1), or if any of the proposed municipality is included within the boundary of a county that has exercised its authority under Article 24 of Chapter 153A of the General Statutes. (1985 (Reg. Sess., 1986), c. 1003, s. 1; 2005-35, s. 3.)

§ 120-169.1. Additional criteria; level of development, services; financial impact on other local governments.

(a) Repealed by Session Laws 1999-458, s. 4.

(b) Services. – The Commission may not make a positive recommendation unless the area to be incorporated submits a plan for providing a reasonable level of municipal services. This plan shall be based on the proposed services stated in the petition under G.S. 120-163(c).

(c) The Commission in its report shall indicate the impact on other municipalities and counties of diversion of already levied local taxes or State-shared revenues from existing local governments to support services in the proposed municipality. (1998-150, s. 3; 1999-458, s. 4.)

§ 120-170. Findings as to services.

The Commission may not make a positive recommendation unless it finds that the proposed municipality can provide at a reasonable tax rate the services requested by the petition, and finds that the proposed municipality can provide at a reasonable tax rate the types of services usually provided by similar municipalities. In making findings under this section, the Commission shall take into account municipal services already being provided. (1985 (Reg. Sess., 1986), c. 1003, s. 1.)

§ 120-171. Procedures if findings made.

(a) If the Commission finds that it may not make a positive recommendation because of the provisions of G.S. 120-166 through G.S. 120-170, it shall make a negative recommendation to the General Assembly. The report to the General Assembly shall list the grounds on which a negative recommendation is made, along with specific findings.

If a negative recommendation is made, the Commission shall notify the petitioners of the need for a legally sufficient description of the proposed municipality if the proposal is to be considered by the General Assembly. At the request of a majority of the members of the interim board named in the petition, the Commission may conduct a public hearing and forward any comments or findings made as a result of that hearing along with the negative recommendation.

(b) If the Commission determines that it will not be barred from making a positive recommendation by G.S. 120-166 through G.S. 120-170, it shall require that petitioners have a legally sufficient description of the proposed municipality prepared at their expense as a condition of a positive recommendation.

(c) If the Commission determines that it is not barred from making a positive recommendation, it shall make a positive recommendation to the General Assembly for incorporation.

(d) The report of the Commission on a petition shall be in a form determined by the Commission to be useful to the General Assembly. (1985 (Reg. Sess., 1986), c. 1003, s. 1.)

§ 120-172. Referendum.

Based on information received at the public hearing, the Commission may recommend that any incorporation act passed by the General Assembly shall be submitted to a referendum, except if the petition contained the signatures of fifty percent (50%) of registered voters the Commission shall not recommend a referendum. (1985 (Reg. Sess., 1986), c. 1003, s. 1.)

§ 120-173. Modification of petition.

With the agreement of the majority of the persons designated by the petition as an interim governing board, the Commission may submit to the General Assembly recommendations based on deletion of areas from the petition, as long as there are no noncontiguous areas. (1985 (Reg. Sess., 1986), c. 1003, s. 1.)

§ 120-174. Deadline for recommendations.

If the petition is timely received under G.S. 120-163(e), the Commission shall make its recommendation to the General Assembly no later than 60 days after convening of the next regular session after submission of the petition. (1985 (Reg. Sess., 1986), c. 1003, s. 1.)

§§ 120-175 through 120-179. Reserved for future codification purposes.

1. Location, Geographic Statistics, Population

1A. Location

The proposed Town of Hampstead is located in the easternmost part of Pender County, directly abutting the Intracoastal Waterway, and with the overwhelming majority of the proposed town's area lying east of US Highway 17. It is between Jacksonville on the north and Wilmington on the south. The proposed Town of Hampstead is an approximately thirty (30) miles from the downtown area of Jacksonville, and approximately (16) miles from the Wilmington City Hall area.

Map Exhibit 1 in the Appendix shows the proposed Town of Hampstead in relation to the Cape Fear Area, and Map Exhibit II in the Appendix shows a detailed map of the proposed Town of Hampstead, including an outline of boundaries.

1B. Geographic Statistics

Area Selected for Incorporation petition

The community currently referred to as Hampstead is an unofficial area of unincorporated land consisting of some sparsely developed areas and some areas of dense population, an area of farms and golf courses, all with non-defined limits and boundaries. It is noted that the area in which the residents call Hampstead their home is considerably larger, as much as triple, or more, the size being proposed for incorporation. The area chosen and proposed for incorporation was selected based on the following considerations:

1. Easily describable, definitive boundary lines
 2. Population Distribution
 3. Population density
 4. Comprehensive compactness and symmetry
 5. At least a modicum of interest expressed by residents in the varying areas.
 6. Economic considerations in the longer view.
- Boundaries*

Boundaries

The proposed Town of Hampstead does not have any non-contiguous area.

The proposed Town of Hampstead is not included within the boundary of another incorporated municipality.

Across the southern boundary, the southern right-of-way line of Washington Acres Road, of the proposed Town of Hampstead from a point 500 feet west of the right-of-way line of US Highway 17 to the Intracoastal Waterway is approximately 1.6 miles.

Across the northern boundary, the northern right-of-way line of Sloop Point Loop Road following to the northern right-of-way line of Hickory Point Rd., from a point 500 feet west of the right-of-way line of US Highway 17 to the Intracoastal Waterway is approximately 1.8 miles.

The western boundary, 500 feet west of the right-of-way line of US Highway 17 is approximately 5.5 miles. The eastern boundary, following the Intracoastal Waterway, is approximately 5.6.

The total area of the proposed Town of Hampstead is 8200 acres.

Toward the side of the Intracoastal Waterway, there are areas of creeks, streams, marshes, and other wetlands, which make it very difficult to quantify the area involved at the current time, other than to state that not all of the 8200 acres is "usable" land.

1C. Population Statistics

The best available estimate, based on Pender County tax records is a total population between 7000 and 8000.

2. Development

As per the Assessment of the Petition rendered in 1999, the *Department of Community Assistance was able to quantify that the Proposed Town of Hampstead is more than 60% developed.

* The complete 1999 report is part of the Appendix.

TOH PETITION: DEVELOPMENT

Highway 17 is the spine of the proposed town of Hampstead; it runs up the Western edge, from the Southern to the Northern boundaries.

Commercial development fills both sides of Highway 17 for its entire length. What little open land can be found is currently under contract/development for yet another mini-mall.

East from Highway 17 to the IntraCoastal Waterway is residential development, in three large subdivisions and several smaller ones. It is estimated that, at most, 20% of this available land is still open, but again, houses spring up everywhere you look.

Estimated development: 65-70%.

3. Other Municipalities Proximity, Within Boundaries

There are no municipalities within 5 accessible miles of the Proposed Town of Hampstead.

No area of the Proposed Town of Hampstead is within the boundary of another municipality.

Within the past twelve months, no area of the proposed Town of Hampstead has petitioned for annexation to a nearby municipality.

Shown below are all of the municipalities within 15 miles of the proposed Town of Hampstead, with no intervening other municipality, their counties, population, and the distance from the Proposed Town of Hampstead.

The population shown is from the US Census of 2000 or the latest annual estimate of the Office of State Budget (2005).

Distances shown are from the nearest point to the nearest point, or "dry land access" in the case of those municipalities physically separated from the Proposed Town of Hampstead by the Intracoastal Waterway.

Holly Ridge	Onslow	1100	7.2
Surf City	Pender/Onslow	1619	*7.9

4. Form of Government & Manner of Election

The Town is divided into three electoral districts, and each district is represented on the Council by one member. To be eligible for election to the Council and for service on the Council as a member for a district, a person must reside in the district. The remaining two members of the Council shall be elected at-large and must reside in the Town. The qualified voters of the entire Town elect all of the members of the Council in a non-partisan election.

In 2009, two Council Members shall be elected at large and one council member shall be elected from District 1 and they shall serve for four-year terms, and one Council member shall be elected from each of Districts 2 and 3 respectively and they shall serve for two-year terms.

Members of the Town Council shall be elected to serve no more than two consecutive terms of office. After serving two consecutive terms and sitting out one two-year election cycle, a person is again eligible to serve for two additional consecutive terms of office.

A Town Clerk shall be hired by the Town Council and shall serve with the advice and consent of the majority of the Town Council.

Dear Mr. Swann:

In the event Hampstead becomes incorporated, the Pender County Sheriff's Office will provide law enforcement services inside the town unless and until a police department is formed. We will also provide an increased level of service on a contractual basis should the town decide to go that route. I have forwarded to you several options should incorporation become a reality.

If you need any other information, please do not hesitate to contact me.

POPULATION ESTIMATE FOR PROPOSED HAMPSTEAD INCORPORATION

The following estimates were arrived at by manipulating Census Bureau Information as well as growth estimates from the NC Office of Statewide Planning:

Based on the 2000 Census Data and the proposed boundary provided, this office has arrived at an approximate estimate of 4,699 people within the boundary. This includes 6 census blocks (3 north of Highway 17, 3 along the northeastern boundary) where a value had to be interpolated because the proposed boundary does not follow a census block boundary. This crude interpolation was done by estimating the population within the portion of the census block that lies within the proposed town boundary.

The rate of change between the 2000 count (41,082) and the 2006 estimate (48,630) is an increase of 18.373%. Using 4,699 as the 2000 estimate for proposed Hampstead, applying this rate of change yields a current estimate of 5,562. These figures constitute 11.44% of the total countywide population figures for each year.

Please contact Joey Raczkowski, Pender County Planning Director, should anyone have any questions regarding these population estimates 910-259-1201.

TOH PETITION: SERVICES

Hampstead wishes to offer police, fire, zoning and street lights.

Attached is correspondence with Sheriff Carson Smith; we are aware we must provide a signed contract with his department.

We are in communication with the Hampstead Volunteer Fire Department as well as the Sloop Point Volunteer Fire Dept. We are aware that we must provide a different fire protection district than the ones currently serviced by Pender County.

On a volunteer consultancy basis, Mr. Johnny Sutton, the former Pender County Planning Director, has offered his services to us.

Finally, we have obtained quotes and information on the street lighting equipment we want from Progress Energy.

Dear Mr. Pryor:

Using the updated map provided by Ken Just on March 15th, the revised footprint of the proposed Town of Hampstead appears to have approximately 4006 registered voters living within the proposed area.

Since you are looking for valid signatures from 15% of the registered voters within the proposed town limits, you will need to have at least 691 voters sign your petition in order for certification.

Should you have any additional questions please call.

**Assessment of Petition
by
Town of Hampstead
(Pender County)
for
Incorporation
Relative to NC G.S. 120-166.**

Division of Community Assistance

Division of Community Assistance staff has reviewed the petition for incorporation from Hampstead as it relates to NC G.S. 120-166. That section of the General Statute refers to the nearness of the proposed new Town of Hampstead to other municipalities. Part (a) of that section sets criteria based on the nearness of the proposed new Town to existing municipalities and their respective populations. Note that the General Statute requires that the population values be in accordance with the most recent decennial federal census, or according to the most recent annual estimate of the Office of State Budget and Management if the municipality was incorporated since the return of that census. These relationships are presented in the following table.

Critical Distance	Population of Neighboring Municipality
1 mile	5,000 to 9,999
3 miles	10,000 to 24,999
4 miles	25,000 to 49,999
5 miles	50,000 and over

The municipality of Topsail Beach (population, 471) is within 1 mile of the proposed boundary of Hampstead but does not exceed the population threshold. The municipality of Surf City (population, 1393) is within 3 miles of Hampstead but does not exceed to population threshold. No other municipality is within 5 miles of Hampstead. No nearby municipality falls within the population and distance thresholds set in G.S. 120-166(a).

The Commission is not precluded from making a positive recommendation on the petition for incorporation relative to the proposed Town of Hampstead, in accordance with NC G.S. 120-166.

Information sources: The foregoing assessment was based on information contained in the petition, and digital data provided by the Pender County and New Hanover County GIS Departments. A buffer analysis (an ArcGIS® utility) was performed on the proposed boundary that was presented on the map attached to the petition. The 2000 Census population values were retrieved from the NC Office of State Budget and Management, State Demographics web site (<http://demog.state.nc.us/>) referenced May, 2007.

Note: 1

§ 120-166. Additional criteria; nearness to another municipality.

(a) The Commission may not make a positive recommendation if the proposed municipality is located within one mile of a municipality of 5,000 to 9,999, within three miles of a municipality of 10,000 to 24,999, within four miles of a municipality of 25,000 to 49,999, or within five miles of a municipality of 50,000 or over, according to the most recent decennial federal census, or according to the most recent annual estimate of the Office of State Budget and Management if the municipality was incorporated since the return of that census.

(b) Subsection (a) of this section does not apply in the case of proximity to a specific municipality if:

- (1) The proposed municipality is entirely on an island that the nearby city is not on;
- (2) The proposed municipality is separated by a major river or other natural barrier from the nearby city, such that provision of municipal services by the nearby city to the proposed municipality is infeasible or the cost is prohibitive, and the Commission shall adopt policies to implement this subdivision;
- (3) The nearby municipality by resolution expresses its approval of the incorporation; or
- (4) An area of at least fifty percent (50%) of the proposed municipality has petitioned for annexation to the nearby city under G.S. 160A-31 within the previous 12 months before the incorporation petition is submitted to the Commission but the annexation petition was not approved. Assessment of Petition

by

Town of Hampstead

(Pender County)

for

Incorporation

Relative to NC G.S. 120-167

through NC G.S. 120-170

North Carolina Department of Commerce
Division of Community Assistance

Division of Community Assistance (DCA) staff has reviewed the petition for incorporating the Town of Hampstead relative to NC G.S. 120-167 through G.S. 120-170. The following discussion addresses each of these sections of the General Statutes.

NC G.S. 120-167 Additional criteria; population.

NC G.S. 120-167 refers to population and requires that the permanent population must be at least 100 and a population density (either permanent or seasonal) of at least 250 persons per square mile. The Pender County Board of Elections determined there are 4006 registered voters living in the proposed Town of Hampstead, exceeding the required minimum permanent population. The Division of Community Assistance performed a land use survey of the subject area, identifying 4768 dwelling units. The 2000 US Census Bureau data estimates an average of 2.49 persons per household for Pender County and a vacancy rate for all housing units of 22.8 percent. This suggests that at least 9165 persons (permanent) are likely to reside in a total land area of 21.8 square miles. DCA has calculated Hampstead total population density at 420.43 persons per square mile. It appears that NC G.S. 120-167 is satisfied.

NC G.S. 120-168 Additional criteria; development.

NC G.S. 120-168 refers to development and requires that at least 40 percent of the area must be "developed for residential, commercial, industrial, institutional, or governmental uses, or is dedicated as open space under the provisions of a zoning ordinance, subdivision ordinance, conditional or special use permit, or recorded restrictive covenants." (1985 (Reg. Sess., 1986), c. 1003, s. 1.)

DCA used an analysis of available county tax information and aerial photographs to determine the degree of development. The survey considered parcels as "developed" if they had land use characteristics that were residential, commercial, institutional or governmental, industrial, or dedicated open spaces. Vacant parcels, forested parcels, or agricultural parcels were considered "undeveloped."

DCA's analysis indicated that 38.9 percent of the subject area, as presently proposed, is developed (see Table 1 and Map A). It appears that NC G.S. 120-168 not satisfied.

Table 1:
Development Relative to NC G.S. 120-168

Land Use	Acres
Commercial	647.00
Industrial	6.99
Institutional/Governmental	252.63
Residential	2,855.70
Dedicated open space	979.06
Undeveloped	7,427.16
Total acreage	12,168.54
Total Developed Acreage	4,741.38
% Developed	38.96%

NC G.S. 120-169 Additional criteria; area unincorporated.

NC G.S. 120-169 requires that none of the area proposed for incorporation may be included within the boundary of another incorporated municipality. DCA compared the proposed boundary for the Town of Hampstead with the most recently updated Pender County (GIS) data as well as the North Carolina Department of Transportation (GIS) data and found no evidence that any of the subject area is part of an incorporated municipality. It appears that NC G.S. 120-169 is satisfied.

NC G.S. 120-169.1 Additional criteria; services.

NC G.S. 120-169.1(b) requires that the area to be incorporated submit a plan for providing a reasonable level of municipal services. To meet the requirements of this section, the persons submitting the plan for incorporation must propose to provide at least four of the following services:

- 1) Police protection.
- 2) Fire protection.
- 3) Solid waste collection or disposal.
- 4) Water distribution.
- 5) Street maintenance.
- 6) Street construction or right-of-way acquisition.
- 7) Street lighting.
- 8) Zoning.

The proposed Town of Hampstead submitted a plan for providing four out of eight of the above services. Hampstead proposes to provide police, fire, zoning, and street lights. Fire protection will be provided through an agreement with the Hampstead and Sloop Point Volunteer Fire Departments (letters from the volunteer fire departments state that they will charge \$0.06/\$100 valuation to provide service). Police protection will be provided through an agreement with the Pender County Sheriff's Department (a letter from the Sheriff's Department states that there will be no charge for service at the current level, but there will be an additional charge for additional service). Street lighting will be provided by the Town. Zoning will be adopted and administered by the Town. It appears that NC G.S. 120-169.1(b) is satisfied.

NC G.S. 120-170 Findings as to services.

NC G.S. 120-170 requires that the proposed municipality can provide, at a reasonable tax rate the services requested by the petition and that the proposed municipality can provide at a reasonable tax rate the types of services usually provided by similar municipalities. Hampstead has proposed a \$0.11/\$100 property tax rate with an estimated property tax revenue of \$908,134. This amount of revenue is sufficient to support the four services proposed in the petition, which are estimated to cost a total of \$708,845 (fire protection \$495,345; police protection \$120,000; street lighting \$4,000; and zoning \$69,500).

Table 2 provides data on municipalities incorporated since 2000 and compares the tax rate of those municipalities to the tax rate proposed by Hampstead. However, to give some indication of a comparison of Hampstead's tax rate and that assessed by other similar municipalities, DCA compared Hampstead with the North Carolina Department of Treasurer 2006 Municipal Financial Profiles for municipal populations between 2500 to 9,999 persons. Hampstead has proposed a \$0.11/\$100 property tax rate with an estimated property tax revenue of \$908,134. In comparison, the North Carolina Department of Treasurer indicates in its report an average property tax rate of \$0.2921/\$100 assessment and average property tax revenue of \$1,520,336. For the proposed Town of Hampstead to generate similar revenues it would need to levy a property tax rate of \$0.1841/\$100 assessment (assuming a total assessment of \$825,576,502, as estimated by petitioners). As stated above, Hampstead can provide the four proposed services at a reasonable tax rate, but would not likely be able to provide additional services without a property tax rate increase. It appears that G.S. 120-170 is satisfied.

Conclusion

It appears that the proposed Town of Hampstead satisfies all of the statutory criteria, except G.S. 120-168, development. **Therefore, the Commission is precluded from making a positive recommendation for the incorporation of the proposed Town of Hampstead.**

1. Sales Tax Revenue Change

Pender County distributes sales tax revenues on a per capita basis. This analysis uses the 2005-06 actual sales tax distribution to show how the distribution would have changed had Hampstead been incorporated at that time.

2. Powell Bill Allocation Change

Annual state street aid (Powell Bill) allocations are made to incorporated municipalities which establish their eligibility and qualify as provided by G.S. 136-41.1 through 136-41.3. The total amount allocated is seventy-five percent (75%) on the basis of relative population and twenty-five percent (25%) on the basis of relative non-State System local street mileage.

For 2005-06, population-based allocations assumed a statewide qualifying municipal population of 4,606,230 and available funds of \$136,850,768. This created a per capita distribution rate of \$29.71.

Adding the population of the proposed town of Hampstead to the statewide total creates a new population of 4,615,395 and a new per capita distribution rate of \$29.65. The rate change is too small to have a significant impact on the Powell Bill distributions to other Pender County municipalities.

The attached report from the Department of Revenue estimates that the Town of Hampstead would receive \$430,000 in Powell Bill funds based on population. The town

does not plan to maintain streets locally; therefore, there would be no additional allocation based on street miles.

3. Other Revenues

Municipalities receive an amount equal to approximately 3.09% of the gross receipts resulting from the sale of power and light within the respective municipality. In addition, municipalities receive a portion of the telecommunications sales tax and the piped natural gas tax. Municipalities receive a share of the excise tax on beer and wine if they hold a referendum approving the sale of beer and wine within the corporate limits.

The Department of Revenue has estimated the amount of revenue that the town of Hampstead would have received in FY 2005-06 from each of these taxes. This information is included in the attached report.

*** The electric power franchise tax distribution is equal to 3.09% of the gross receipts from the sale, within the corporate limits of the municipality, of electricity. Effective July 1, 1999, the utility franchise tax on piped natural gas was repealed and replaced with the piped natural gas excise tax. Effective January 1, 2002, the telephone franchise tax was repealed and replaced with a sales & use tax.
